

The Kyezor Family - Census, Civil Registration, Parish Records etc.

In the censuses and other records, the spelling of this name has so many variations that it was very difficult to research. According to Keira Lockyer, one of my contacts who has researched this family for many years, the correct spelling of this name is Kyezor (pronounced kaiser).

Many members of this family changed their name, slightly, so that it sounded less Germanic, e.g. to Keyser, particularly leading up to the wars. Others changed their name completely e.g. to King, so no one would know they had German origins, understandable but this makes them very difficult to find.

In this document I will use the spelling from the document unless it is not a variation but simply wrong, as in one census where the transcriber mistook the K at the beginning for an H.
